

The C-Tec Hyperbaric Camera is high resolution for use within diver decompression chambers and Hyperbaric environments. Ideal for video surveillance within saturation chamber areas.

## Specification

Dimensions:	69.5mm Dia x 53.1mm High	Resolution:	1000TVL
Material:	Anodised Aluminium 6082-T6	Angle of View:	120deg diagonal
Viewport:	Toughened Glass	Minimum Illumination:	0.08lux
Depth Rating:	40 Bar	Connector:	MCBH5M
Internal Pressure relief:	0.3 Bar	Mounting:	4 holes in bottom of base
Input Power:	12 to 24VDC @ 100mA
