

Order Code: EP2

Economy portable 2-channel diver communications system

The E-Phone 2 is a portable and lightweight diver communications system designed for ease of deployment and simple operation in diving environments.

The system supports communication between up to two divers and the surface in a simplex configuration, with the dive supervisor operating a push-to-talk (PTT) system via the control panel or supplied dual ear headset.

Designed for reliability and practicality, the E-Phone 2 delivers clear and consistent audio performance, making it suitable for a range of diving applications.

Technical Specification

Model	EP2 (2 channel)
Dimensions	232 × 191 × 111 mm
Weight	1.6 kg
IP Rating	IP67 (closed), IP65 (open)
Power Supply	Rechargeable 12 V SLA battery
Volume Control	Individual uplink / downlink
Channel Selection	Individual or all channels
Configuration	2-wire push-to-talk
Battery Operating Life	~30 hours
Standby Current	100 mA
Frequency Response	300 Hz to 12 kHz
Audio Power Output	2 W into 8 ohm
Loudspeaker	8 ohm, splashproof
Recording Output	Via RCA socket

Applications: Commercial diving, Search and rescue, Military diving
